

Individual Door Strikers

The range of MILA door strikers are manufactured from steel and are designed to complement all major door locks and lock configurations within the MILA range.

The range consists of:

- Handed centre latch & deadbolt strikers with fully adjustable centre latch plate for compression
- Hook/roundbolt/deadbolt strikers with adjustable zinc diecast back box
- Hardened steel mushroom strikers
- For a list of profile related packers please see pages 220-221
