Pro-Linea Espag Handle

The Pro-Linea espagnolette handle is a stylish, high specification, push-to-operate, key-to-deadlock handle. Available in a range of finishes, its soft lines perfectly complement the chamfered appearance of modern profile systems.

- : Cranked right and left for improved handle clearance
- : Push-to-operate provides child safety, key-to-deadlock to enhance security
- : Non-locking and green button egress handles available
- : 90° stop to prevent gearbox over-stressing
- : Ergonomic design for optimum comfort and ease of operation
- : Available in a range of pin sizes to suit all major profile systems
- : Available in a range of high quality finishes
- : Secured By Design licensed product
