- PAS 24 Tested • TS007 Certified •
- Anti-bump Technology •

Hardware that starts with **you**.

ProSecure Enhanced Security Cylinders

1 Star Certified

The ProSecure 1 star cylinder range offers enhanced security and features anti-bump technology. When combined with a 2 star handle, achieves 3 star security compliance.

Enhanced security features:

- Anti-bump technology
- Stainless steel guard pin
- Anti-drill and anti-pick pins
- Sacrificial snap point

15,000 Effective differs
Manufactured from brass

Brushed nickel and brushed brass finishes

Enhanced security features

Double, thumbturn and keyed alike options

Standard key profile

Intelligent Security Technology

Anti-manipulation pins prevent **cylinder bumping** and a **sacrificial snap line** allows the external section of the cylinder to 'snap' off, leaving the cylinder body **protected and secure**.

Approved · 1 Star Kitemarked · Secured by Design ·
